

Dear Headteacher,

The Scouts have been invited to take part in the Royal Air Force Charitable Trust Futures Day, the careers and STEM day at the 2022 Royal International Air Show (RIAT) at Fairford in Gloucestershire on the 15th July 2022.

Futures Day is a unique opportunity for young people to learn more about careers in aviation, aerospace and engineering. During the day Scouts will take part in STEM workshops, receive careers advice, and meet potential employers and higher education institutions.

The Scouts have been offered free tickets to take part in this event, based on our long-standing partnership with the RAF and our joint aviation educational programmes.

We realise that for some students, Futures Day falls on a school day. We wanted to give details about the event to help your decision making should a pupil at your school request to attend the event on a school day. This event is classified as an educational off-site activity (Code B or Code V) in accordance with guidance from the Department for Education for structured activities organised by the Scouts.

If you have any questions, please feel free to contact me by email at: Joanna.bronziet@scouts.org.uk

Thank you very much in advance for your consideration.

Kind regards,

Joanna Bronziet
