**A message of solidarity for the Scouts of Türkiye**

Dear Mr Hasan Dincer Subasi,

Along with the rest of the World Scout Movement, we're heartbroken at the scenes of destruction and the terrible loss of life caused by this week's earthquakes.

We know that so many Scouts, volunteers and Scouting families will be caught up in this directly or indirectly. Our thoughts and prayers go out to you and the Scouts of Türkiye at this incredibly challenging time, as families search for the missing and grieve those they have lost.

We stand shoulder to shoulder with you as you cope with the emergency and start to rebuild.

Please accept our sincere condolences for your loss. As ever, we extend the hand of friendship and support. I know Scouts will be the first to help others, as they have done many times before.

I speak on behalf of all your Scouting friends to wish you strength and courage at this time,

Yours in friendship and solidarity,

Bear Grylls  
UK Chief Scout
