

Fireworks and bonfire safety tips

Keep fireworks pointed away from people.	Never pick up a firework or relight one that hasn't gone off.
Only adults handle and light fireworks.	Stand at a safe distance from bonfire flames and fireworks.
Rinse burns under a cold tap for 10 minutes or until the wound is cool.	If clothing catches fire, remember: stop, drop, roll.
Never use flammable liquids such as paraffin or petrol on a bonfire.	Make sure that the bonfire is completely out before you leave the site.
