

# Customer questions

The person leading the game should read these out, while players match up customers to wood on their wood grid

Question	Answer
My name is James. I want to make a skateboard ramp. I need wood which is manmade. It might get wet, and I need a type of wood which comes in sheets.	Plywood
My name's Paula, and I'm building a fence. The wood I need must have a grain, and be dense. It'll also get wet.	Hard wood
I'm Dave. I need wood to line the walls of my garage. I need a type of wood that isn't dense, and comes in sheets. The wood I need has a rough surface.	Chipboard
My name's Jane. I'm making a display for my shop, so I need a wood without a grain, and with a smooth surface. The wood I need comes in sheets.	MDF
I'm Terry. I want to make a wardrobe out of a natural material. I need a type of wood that's not dense, and has a smooth surface.	Soft wood
