

Emergency bingo

Cross out the statements that apply to you:

I know someone who works for an emergency service	I've practiced a fire drill	I've been in a car when it has broken down
I've done some first aid on someone	I know the phone number for the emergency services	I know someone who carries an inhaler for asthma
I know where the first aid kit is in our Scout HQ	I've raised money for an emergency charity or appeal	I've been helped by a member of the emergency services
