Facts and statistics

Share these facts and statistics with your young people so they can incorporate them into their communications – encourage them to think about choosing the most important details rather than including everything.

MORE THAN
30 MILLION CHILDREN

around the world have been forced to leave their homes because of conflict or persecution.

2/3 OF THE REFUGEES IN THE WORLD COME FROM JUST FIVE COUNTRIES

Syria Afghanistan Myanmar
Somalia South Sudan

People who have been forced to flee their homes but haven't left their countries are called **INTERNALLY DISPLACED PEOPLE.**

The Countries with some of the largest numbers of internally displaced people are:

Colombia Syria Democratic Republic of the Congo Somalia

75 MILLION

school-aged children and young people are in urgent **need of educational support** in 35 countries affected by crises. This means they're either not in school at all, or their education is being disrupted because of a crisis.

84% OF CHILDREN AROUND THE WORLD ATTEND SECONDARY SCHOOL,

BUT ONLY **22%** OF REFUGEES DO.

ONE IN SIX

CHILDREN AROUND THE WORLD LIVES IN AN AREA AFFECTED BY **CONFLICT.**
