

# Twisted list

Give your reading list a twist by turning the titles of the six books you've read into a story of their own.

1. List six books you have read or used recently.

2. Write each word of each title into the word bank below.

	there		if
		a	before
when			
	because		
and		was	in
			suddenly

We've added in some extra words to help you create your very short story.

3. Twist your list into a tale of its own.
