Personal wellbeing

- Complete your Medical Needs Form by 8 April
- Think about what difficulties might come up (great or small) on Roverway and how you will tackle them
- Talk to your Patrol, family, fellow IST, IST envoys etc
- Is there something you can work on before we go?
 - Physical health- walking a bit further each day, joining the Strava group
 - Mental health- working out what works for you
- Plan for the Roverway blues, what will your next adventure be?

Path allocation update

- We reviewed all the paths allocated to us by our deadline of last Friday. This included swapping a few within the contingent, to better match your preferences and requirements.
- We're waiting on clarification on a few path descriptions and risk assessments for some of the most adventurous paths, to ensure compliance with UK Scouts' safety rules.
- When we're able to share more information about paths we will do!

Reminder of our training requirements

- Check your requirements and what you need to complete
- Send us a Support Form if you don't know your membership number (over 18s) or want us to check your training records
- Make sure we have your passport details stored in EventsAir
- Check-in with us if you're struggling with anything
