River crossing activity

Leader

You know that you know the best way across. Try to get everyone following your plan, but it's up to you if you listen to others' good ideas.

Shhh! Keep your role a secret.

Mediator

Make sure everyone's idea gets heard. If two people disagree, help them find a middle ground.

Shhh! Keep your role a secret.

Silent member

You can only speak when someone asks for your opinion. The rest of the time, stay quiet, even if you have a good idea.

Shhh! Keep your role a secret.

Controller

Take charge of who's allowed to move and when. Interrupt other peoples' ideas and don't let anyone act without your say so.

Shhh! Keep your role a secret.

Collaborator

Push for compromise. Encourage the team to combine ideas rather than pick one person's plan.

Shhh! Keep your role a secret.

Team member

Just take part, try your best, and help get everyone across.
